

# LE SmartSystem™

Featuring SmartTorq™ Technology  
M22L2-001 & PE0018

## Powering Your Innovation

- Commercially Proven Power Electronics System
- Improved User Interface
- On-Board Memory
- Durable Design
- Selectable Modes
- Motor Control
- High Efficiency Motor
- High Torque Density
- Reduced Life Cycle Costs
- Uses Patented LE SmartTorq™ Technology
- Voltage (DC Link) of 330 VDC

5845 West 82nd Street  
Bldg 20, Suite 110  
Indianapolis, IN 46278  
317-471-1800
